I just finished reading this article over at <http://www.gamespot.com> . I thought I would share it.

Somes things influenced me the same as them. Such as Greg Kasavin's article about Dune II. I never really played Samurai Shodown but I did play Street fighter II and mortal Kombat a lot back then. I also use to play blitz a lot back then.

This was probably one of the most enjoyable article I've read in awhile. Good old memories , I miss those days.

On a side note , Gamestop and EBgames just signed a company merger.
