Lenny lol.....i was banned to.... yeah, me is owned...but not for lang.

the ban was not a really smart thing of renguard....i would say : ban them for 2 weeks if they try to bypass ...if they do again 4 weeks....etc.... much more effective.
cause...now i banned its far more attractive to cheat and more easy...

cheats are made with Point reducing....you can destroy 2 buildings without being 1 on the list. I guess from the people who can cheat 40 % is using a cheat... and 70 % of that people is banned....so =

You only helped us...nothing can stop us when we are using Stealth Cheats..and if we are forced... we use one of our other accounts

How is it "more easy", since the servers you're able to play on is slashed in half?
