You what?  
STFU!

please make 1 damn topic

Here is DJlaptop's no-cd crack for 1.037:

[http://www.beaconpedestal.com/nocd/djlaptop\\_renegade\\_1037\\_nocd.exe](http://www.beaconpedestal.com/nocd/djlaptop_renegade_1037_nocd.exe)

just press ESC when it comes up with the 'insert cd thing'
