I agree that if someone helps a community rarely yet is very annoying that they should just be ignored when they are annoying. HOWEVER Whats the point in keeping them around if they are only annoying and never help?

ACK is not willing to help the renegade community nor participate with any parts of it. He just cares about himself and thinks hes always doing the right thing. What good is he doing here? Thats what you have to ask not is he annoying, retarded and fucked up. If he wants to be that way let him. Why keep him around though if he won't contribute?
