Well if he was banned, wouldn't that be putting out the fire from the source?

If he didn't post retarded things, then nobody would reply to him, and a thread would not be derailed. Where is this flawed?

Realistically, most of the people here aren't going to ignore him, and he will still get away with derailing threads.

EDIT: I have a feeling that this thread is going to be locked and that absolutely nothing is going to be done about ACK.
