Hello there, I am contacting u because I am co-owner of Icestone Studios , we are a group of developers based around the world and we have produced modifications for C&C Renegade and C&C Generals , <http://planetcnc.com/dcmmod> is out Desert Conflict Renegade Mod, <http://cncwarpath.co.uk> our WW2 Warpath Mod, we now want to go a step further and create a FPS game based on any GPL engine possible

We will need the following:

5-6 Modellers

3 Skin/Texture Artist

3 Coders with skills in C++

2 Musicians

If you are interested please send back your profile, which should include some of your work and tell us about you the best you can.
