---

To Know:

Why must Aircraftkiller be brought up in every fucking thread?  
Why are liberals heartless?  
Why must women be so damn insane?  
Why do people question (a) God's existence?  
Why is the human race becoming more and more stupid each and every fucking day?  
Why must children die because women don't know when to close their fucking legs and NOT be whores?

To do:

Lynch Osama and parade him down the streets of Washington D.C.  
Lower the legal drinking age in America to 18 OR raise the military age and voting age to 21 to match the drinking age.  
Kill every mindless liberal and conservative who can't afford to think for themselves.
