and I suppose you can type perfect Spanish, right? Besides the point - Why would you strike at a person's flaw? Do you get some sense of power and jerk off to it? English, unfortunately for you, doesn't mean how smart a person is. I find it just as long as i get a point acrossed, that's all that matters. Sew if eye wanna talkie liek this, i have every right. If you're stupid to judge a person -over the internet- how well their English is, despite not knowing the person at all, then i'm afraid you're a moron. Especially when you, sadly, make fun of them for it.
