[Trielite's game of the month]

Splinter Cell: Chaos Theory
For it's great graphics, overall stealthy killy action, and the fact I get to brutally interrogate and then kill people, it gets the first place.

Runner Up: Area 51
For it's zombie people and awesome gameplay, I give it the runner up. Do I want more death on my plate? No thanks, I'm filled...

Just thought I'd post that
