GeTSm0keDthis is how i got it

IE

FF

ya i know actully KNOWING code is prolly better..
but just lookin at the sorce for a page and thinking about typing ALL OF THAT BY HAND..

im straight with all of that lol
ill wait for wysiwyg to get better.. *waits to see Golive cs2*
or what ever adobe/macomedia comes out with when there fully combined

OO, Photoshop for teh winz!

It's not hard to make a website. I should know My website is fairly extensive, I guess...

The hard part is making the design and making scripts, though I typically just find the scripts.
