Aircraftkiller Most of those people just joined to vote for deth river, because nobody else here wanted to do it. If your only fanbase is one server that few people play on, that doesn't bode well for how many others would play it.

Deth river sucks.

Trust me there are a lot of people who played on that one server. If I remember it was a 32 player server that was full like 24/7 (Obviously not 100% of the time) Almost everyone who played on it had that map, the server hardly ever emptied when it came round.

Also I wonder if we take a look at the voting and see who has voted for each map and see how many votes they have. As Vildr said just cos u have less than 5 posts doesn't mean you shouldn't have the right to vote. Some people that play ren may still have never been here but it doesn't mean that they should have the opportunity to have a vote.

Anyway. Enough of all this flaming. I'm not a fan of it. I think people should discuss this maturely and not just say this map sux that map sux. Say why you don't like it so much and why they should vote for the map that you do like.
