I have a personal objective to snuff out people like you who can't play fairly. I hate it when people cheat others out of their share, and when they object; claim that they're whining and any underhanded tactics you needed to use to win were justified.

Quote:andhave u only read specifik posts ?... seein u say that they were the only ones.. id say about 80 percent of the ppl who voted for dethriver was infct not in dadeth.. and if u cant c that then haha...well then ur blind..

or perhaps just blinded by the skills you think you got that aparrently is so much better than anyone elses COUGH !!! .. really.. get a grip... ur not the only one who can figure out how to use gmax... and it just happens 2 be that deth river is infact a more intresting map.. in my opinion.. but.. we all have our own opinion.. and that is what this poll was all about... everyone here could vote.. give their opinion.. there are just more ppl who likes deth river than tropics.. .. well in this case.. otherwize the poll would have looked different... nad maybe.. just maybe all your "fans" didnt get 2 vote .. bu huuuu .. therefore it is no reson to whine just cuz 1 of ur maps didnt make it (n in this case it most likely will bcuz that other guy said that on page 3) ... u shoud act more mature really

I have a hard time reading that, so I'll tell you what's wrong with it in the hopes that you'll learn how to write the beautiful language of English properly.

Remember, it's you, not u.  
Remember, it's specific, not specifik.  
Remember, it's seeing, not seein.  
Remember, it's I'd, not id.  
Remember, it's people, not ppl.  
Remember, it's in fact, not infct.  
Remember, it's can't, not cnt.  
Remember, it's see, not c.  
Remember, it's your, not the city of Ur.  
Remember, it's apparently, not aparrently.  
Remember, it's else's, not elses.  
Remember, it's to, not 2.  
Remember, it's interesting, not intresting.  
Remember, it's otherwise, not otherwize.  
Remember, it's and, not nad.  
Remember, it's didn't, not didnt.  
Remember, it's boo hoo, not bu huuuu.  
Remember, it's reason, not reson.  
Remember, it's one, not 1.  
Remember, it's and, not n.

Remember, it's because, not bcuz.

Also, keep in mind that "deth river" was not getting more than four votes until your assrammer buddy dethmadx decided to bring the goof troop of deth over here. If you had really cared about CP2, you would have participated in these forums beforehand and not just come here to n00b vote a level so that your clan could have an ego boost again.
