AircraftkillerFor someone talking about education, you sure seem to lack the knowledge to write fast and properly. This sentence took less than five seconds to write.

Why bother writing with vowels when it's just as fast and looks as retarded as your own writing?

rofl.. n OMG !!!! in 5 seconds !!! lemme give u a fuckin diploma !! now be a big boy and take ur grand prize .. now there is no reson for me 2 type this fast.. n i have a bunch of messenger convos goin at the same time.. but w/e ill let u think that ur a big boy with yoo 5 second sentence typin
