Subject: Renguard Reconnect
Posted by pyroacidk on Thu, 26 May 2005 14:03:39 GMT

Hey guys,
Just a bug i found with Renguard.

Mac could you please add a reconnect button to renguard.
If we have renegade open, but we get d/c'd, we have to restart renguard/renegade to reconnect to the network. This is a pain in the B%T&

Thanks
