hi i tried instaled renguard 8 times till now and rengade 4 times rengade working exselant and no problemes but renguard after instelation it sayes
trying to conect to server #1.... faild
trying to conect to server #2.... faild
and so on
i tried everything i turned firewall and anti virus off nothing work

plz if u have an anser for me i will be thx to u for helping me
my email is magdyshawa@hotmail.com.
