There was a dead soldier holding a shotgun in a Red Alert cutscene.

As far as I can tell from those dark renders, it looks good for the most part. Just one thing I've noticed, there isn't supposed to be a hole in the end of the magazine, it is supposed to be a tiny indentation.

Quote:I can't judge the model by the reference material as there isn't any  
What do you mean there isn't any? Search google and you can plenty of images for that shotgun.
