maytridyQuote:What would really rock is if you could buy AI, that would follow you around and help you in your killings.

i've always thought about that. It would sooo much fun. Someone should make a mod so that you can buy AI to help you in MP.

One of those c130 scripts is at the CnC Ammo forums. Go into the Chaos HQ board and look for the "Due to Mexadiaz pointing a PIC at my head..." topic, there's one that spits out some mutants that will follow people. Good for an example.
