Quote:Have you ever been in a game, where your the ONLY one defending, and when one of your buildings falls due to insufficient defenders, they all blame YOU because it fell?

The story of my life. Especially on Field...get a bunch of teammates using basic infantry to save for high-level chars, be the lone Hotwire healing the WF when everyone else wants to let it fall, then watch helplessly as a flame rush with artillery support steamrolls all the squishy little riflemen and blasts the whole base inside four minutes because no one wanted to grab an engineer. That's the very definition of frustration.
