As I appologized, ACK still found it necessary to flame. I feel that I've made my share of mistakes and I have no problem admitting to it, but I assure you that I am non-deserving of being flamed. Your opinions may differ. Seriously, I had always respected ACK up until a couple weeks ago. I had no reason to be arguing with him, but it has come to my attention that he doesn't deserve, nor does he want my respect and that is fine with me. Just one question ACK...What makes you have the ability to view people as you wish and express it with everyone in a manner that is non fitting??? Not saying that you are not intitled to your opinion, in which you do as we all do, but you feel that you have been divinely inspired to speak out and flame.
