But, you do what you think needs to be done -- I can't possibly expect someone like you to listen to reason. But I will warn you that there are people with botnets and such who run Renegade servers, and if you fuck with them, expect to be fucked with in return.

it only illigle if u hurt/harm etc thecompputer

o and thanks crimson your post is very reasuring

and yah cyber unk has my wol pass
he has been using my wol nick
but its ok i changed all my passwords
he also ruined my site by using my password to edit it <so hax0rish >
hes not a hacker
and i dont really hang out in the cheating community im over that   and i do still hang on eax down   sadly but if you had looked b4 it was destroyed   i hadnt posted in the wol hakin forum 4 months
anywayz
im over all that crud -removed-

-nopic

If you PM anyone the passes', IPs', usernames', or any other personal info to anyone then you could be banned. I do not think that after this incedent that they will take that stuff lightly. Plus no one has any buisness with that info.
