Funny how I actually present a valid argument. By doing so, that OBVIOUSLY makes me wrong.

I'm not ignorant. I see how it is. You are taking revenge on people who have done absolutely nothing to you, and you're damn right that I think your information should be exposed. All I'm saying is, I all the server owners didn't expose your IP, just nopic. Either attack nopic and get over it, or expect to be taken offline for quite a while.

Also, if I'm so damn ignorant, how come YOU'RE the one justifying attacking servers and creating cheats for no good damn reason? Answer that one for me, genius. Get a clue.
