I take it that you honestly think you're smarter than me. You cannot seriously think that I don't know what "community" means. MP is an ONLINE community. I'm saying that I DON'T need an online community to have friends. Seeing as I prove this every day, I think it's best you shut up and think before you spout off at the mouth/fingers/etc....

I never said you can't run your servers the way you want to. I'm anti-censorship, so you're not going to convince me that censoring "cancer" is a good idea. Stop trying to put words in my mouth. You have nothing to go on, so just drop it. All that's going on is that I'm expressing my opinion, you take offense to my opinion and then try to call me immature, stupid, etc... GROW UP.
