Wealth is inherited. However, poorness isn't. If you're born poor you have a choice to make, you can either stay poor, or wake up and do something about it. If your parents are rich you're pretty much going to be rich too, that's a fact. You don't have a billion dollar father to live in a trashcan.

[something's terribly grammatically wrong with this paragraph, I'm falling asleep here. Somebody fix it ]
