No, I'm not, but I do have immense respect for them.

Yeah, I never said you can't have that opinion, but you show that you're an idiot beyond all reason for having such an opinion. What if our soldiers had the same attitude as you back during the revolution, civil war, wwi, or wwii? You probably couldn't be able to voice this opinion that you have. Hell, you may not even be alive. Just because you have the right to form and voice any opinion that you may have doesn't mean that you should form one without thinking about it first. You suck as an American.
