Hello. I'm hear to talk to you about an important topic. Yourself.

You seem to fail at find a social life. Why, you ask? You can't seem to wrap your head around the fact that you can have a social life online. Now, if you're like me, you might even have a group of friends outside of the Internet to hang out with! Wow! That's right! There is an outside the internet!

I hope you realize not to judge someone's life over the Internet. Fag.
