Note: I wasn't comparing anyone or anything to Hitler or Nazis. He said he had no problem with and didn't think Saddam (and now Hitler) was a bad person because what he did didn't affect him. Any mass murderer (or anyone else that did anything bad that didn't affect him) would have fit, but in addition to that, he was a country's leader, and the most infamous.

(Also, Godwin's law is that eventually a comparison to Hitler/Nazis will be used as an insult as a flame war/argument continues. And I don't remember calling him or comparing him to Hitler or a Nazi.)
