flyingfoxIf you were adults, which you aren't, you would stick him on ignore then send a message to crimson requesting the ban.

You said it yourself. For the most part, we aren't adults, so then why expect us to act like adults?

My idea of contributing is to add to the conversation, not degrade it. There are certainly times that each one of us degrade the conversations, but it's not something we set out to do. If it is, then they should be banned as well. I, for the most part, try and add to threads. I'm not perfect, so I'm not trying to say that you have to be perfect in order to stay on these forums, but kinghigh has made it clear that he's just out to get a rise out of everybody.
