The part that hits home "Every day there are patriot details for those that wish to attend for our fallen comrades"

Dosen't that hit home,heart,mind, it lets you know its hard over there.

The army would just have to come find me,I'm the a.w.a.l type of person.thats to much you risking your life for,and getting nothing in return.

I mean I'd risk my life if I knew my family would be taking care of,my family can't live or eat with just memories of me.So yes I would go AWOL if that meant staying home helping my family.

I never dissed RIPIN,the only thing I can be accused of is not wishing him me best, which later in that post I did.But since my computer smarts are not good enuff to define what I meant,it may have sounded bad.

but to vote and have all the people who called me names (which started the wars)vote against me cause I insulted them is kinda one sided.my post may be stupid,but I don't got a gun to people head telling them to reply.why can't I just post a opinion or some and not have poeple calling me names for doing that.

I'm a person were if you called me some,you old enuff to take the hard insults I deal.I don't go posting stuff to invoke flame wars.or starting a flame.

But crimson its your furom,so you do what you want Ban me or be real.my mother taught me "if some one hit you ,hit'em back .which I do but this time its with words.If some one call you a name you ban them right? but what to do when you can't ban them? you talk back right?
