All I see him guilty of is having some pretty odd opinions when compared to the average forum user.

He doesn't just go out of his way to insult or wind up other people with harsh language like some people do he just puts forwards his (odd) view then you all rise to him \*sigh\* I wonder where we have seen that before.

Maybe he gives these views just to annoy us? well add him to your ignore list then.

also, he's had 219 posts how come we are only acting now?
