Just because he has had no interest in a particular situation, doesn't mean that he possess a lack of knowledge of a particular subject. Just the same, a low post count does not mean a lack of knowledge. Ask people how often I speak in mIRC, yet I don't have a "lack of knowledge" of things I discuss there.

That whole "You've never spoken before, therefore you possess a lack of knowledge (my that sounds a lot like calling him unintelligent)of the situation!" arguement is superficial at best.

Ouch!. You just e-slapped cowmisfit hard. That ought to scar him for a while.

Not as much as that penis up your ass tonight.

Stop acting like a moron, I've got on with you all my time here but recently you have just got wound up over so many petty things. Just accept that warranto has a point and that you ahve been beaten instead of changing the subject.
