edit. Hmmm. It seems many familiar names from this forum have ended up in there. I wondered how long it would take.

Thats my alternate name. They oddly didnt have Lijitsu, which is just the act of quickly drawing a weapon and attacking with it.

Your name is different because Drow apparently are elves.

Nodbugger is a completely made up name, and the entires were all describing me.

Drow are more than just Elves. They are in fact Dark Elves, who's skin is always jet black and who's hair color is normally snow white. Dark Elves live in a deep subterranean locale known as the Underdark, where other deep creatures live, such as Troglodytes, Gnomes, and Dwarves sometimes. Dark Elves are also...

\*Rants on and on about Drow.\*

Elves don't exist.

Neither do your skills.

Or your intelligence. Not you, Glyde.

So only smart people believe in elves?

No?
