Heya,
i got 2 questions

1st: how do i turn my GAMELOG on? ive gotten brenbot newest version

2nd: evrytime i login to the game it dosent say my rec or that im a admin and mod bifore it dit it dit say my rec's and mewhywhy is a game mod.. now it dosent at evryone it dosent show that messages anymore and also not my join message..
of anyone this happand after i had a renguard problem

THX ALOT thx :)
