flashcar1i tried downloading the latest renX and any other ren X and it ses: estimated time left: not known (opend so far: 22.7kb)

Which site are you trying to get it from? Are you getting it from <http://www.discreet.com>?

LaeubiGmax only works, if you hav installed it localy on your drive, if I get the point righ, that you try start it from a CD-drive

He said in his second sentence that he tried installing it and re-registering it, but it doesn't work.
:rolleyes:
