spreegem1. U cant make them come off of the rope, they just have to be dropped from a trans heli.

3.U cant get the bots to go to a specific place, but they do go to were the enemy is.

Anyhow, you can make them come off a rope. It's the same they do in the SP missions, just some animations and attaching.

I think there's a goto script, no clue how well it'd work, M00_Action might be able to do it but it's one of the bigger scripts. I'll get back to you on this soon.
