Eh, that generally only works if your Ping isn't over, say. . . 150. I find that Snipers seem to have a tremendously easy time picking me off, no matter where I am(out in the open), if I'm lagging like Hell. Some of the shots I've taken are unbelievable and probably unreplicable under normal circumstances. And then there's that irritating semi-exploit where Snipers can shoot around corners. Like. . . Through solid walls, even. Or at least that's what it always seems like. I know Snipers have an easy time getting me in the tunnels, or even near the wide base entrances on Field. . .
