Cpo64 wrote on Fri, 21 March 2003 19:23 Last night, when I was on WOL, it was showing the name I use on LAN games, and I kept getting kicked from every game I went to. I logged off and restarted the computer, it stopped happening, so its all good, but still WTF?

That happened to me once, I logged on and played as normal and it wasn't until after about 20 mins of playing that I realised it was using my LAN name

I didn't get kicked everywhere though, it was before the time of RG that it happened to me..
