Hello jaded Londoners, Please note that your country has just been bombed by terrorists. At this point you are supposed to feel anger, and want to find terrorists from where ever they hide. Have a nice day and kill bad people where ever they may hide! (HINT: Middle East)

Also, you let radical Muslim groups hide in plain site within your borders and plot against your great country. Don't let them pull that. Go kick them out, get a patriot act, and learn what JINGOISM means!
