OR! just stay out of sight and be a coward.  
or just do what i do,go out with a shotgunner and own!That doesn't quite work in Hourglass or maps where there aren't multiple routes to sniper camp sites. In Field, there's lots of oppurtunity to counter snipers. And Walls. Even Under, to a degree.(But really, how many people actually actively snipe on Under? There's a hill and a cliffside, and that's it. Everything else is base defense.) But Hourglass and a few other maps? You just can't "sneak up" on them.
