He is 17, i guess to young to get the death penalty.

Quote:Cory Williamson, 17, is in jail accused of raping his neighbor's dog; and is awaiting trial on charges of molesting a 3-year-old girl and the statutory rape of a 13-year-old girl.

Molesting a 3-year-old girl, it selve should give him a few good years together with his inmates. Actually his dumb face alone might make him the prisons bitch.
