If anybody is whining it's you for putting them on your "list of suck", because you think the songs sound way too similar and the one of the singers voice (or both of the singers voices) annoys you, bitch.

Not to mention the fact that you even have a "list of suck" in your signature on at least one forum.

So, sir, you are the one whining. I'm not even whining within this post, well you know what... just for you:

"Take Iron Maiden off your list of suck! They kick so much ass, they don't belong in that little list of yours... so take it off your list or so fall off a cliff or something. "

I didn't mean you were whining I mean the simple plan vocalist can't sing for toffee, he's a whiney little bitch that would be beaten in a singing contest by a bunch of screaming cats.
