RyuKishen wrote on Wed, 10 August 2005 16:43 So does this mean that Barbie dolls and all of that are now for Adults Only since they show that same stuff?

heh, that gives me an idea. We should create a fake site that includes a petition to label all dolls that portray life-like features as an "adult only" toy. Afterall, television, movies and videogames that portray the same thing get a similar rating!
