Jealous of your idiocy? Wow, you must really be that stupid. What's there to be jealous of? If I was jealous, you'd see my envy. I don't insult when I'm jealous.

Iron Warrior, I look at myself in the mirror all the time, and I like what I see. Unfortunetely, I'm sure you would too. *shudders at the thought*

What vile DNA? If, in your world, vile means "intelligent", then yes, I have vile DNA. If you mean the literal meaning of vile, then you're sadly mistaken.
