Almost every single Oddball server i go into, they act like its a damn Slayer match! Whats more, when i go into a Stunts server to let my Adrenaline build back up for my CTF matches, people come in and start killing everybody! Hell, there was one time, i was in a server that was stunts, and people came in to fight. Eventually i had enough of it, and started fighting back. I got banned from that server, lol.

I am sick and tired of players in ANY FPS who concentrate on kills in non-DM/TDM games, PERIOD.

I know, it gets annoying.

Truly, I am surrounded by kindred spirits. So very happy. . . T\_T And yeah. I went as far as to write up a brief story about such things on n00bstories. In more detail, though. . . The guy I mentioned, "Firefox"? He came into the Race server, started blasting everyone not on his team, then eventually left with a "this server sucks". I honestly get the feeling he didn't understand the concept of "Race". Even though it was right there, in blue lettering, on the Server List.
