Or maybe it was just a mistake on Crimson's part again. Goodness knows she's been screwing up left and right lately, judging from all the newcomers to these forums and all the complains of blacklisted executables! Bad Crimson, bad!

For those of you who are. . .well. . . Stupid. . . Yes. Yes, this is a sarcastic post.

I'll stick to this too... After unbanning that other dude, there's nothing else to say than a sarcastic post
