I KNOW HE CHEATS, you cant kill him is ridiculous i was in a snipeserver today and no one could kill and guess what, no RenGuard....hmm suprise surprise...watch out for him all you people. He has a health cheat too, ive shot him and it does nothing till about the 2-3 shot.

ok whatever, when I played him on field he was using bigheads and I still won the pistol fight at the start, that's just fucking sad that you can lose a pistol fight when you're using bighead, didn't notice any health cheat though...
