Message from RenGuard: You have been banned by CrimsonSleepin on 21.07.2005 12:31:52 for XeonTeam: You're not on our network to be cheat-free, so be gone.. Goodbye.

Obviously this one is meant for me, but who cares. It should be gone as soon as crimson gets the money. I did send it over a week and a half ago though.

I, honestly, am going to piss myself if she doesnt unban you.
I dunno, he says he wont do it again, give him a chance.
Its not like he was doing ne thing more then piss me off in "pyroserve" ne way (richie678).
And thats all he does in other servers, he plays for a bit and causes chaos, yes, but thats when you leave the server, go find a new one, or put up with it. Not that big of a deal.

No matter what game you play, if its online, youll be dam sure people are going to be/trying to cheat. Its a way of life for some people.
Create mayhem in servers that no ones has had to pay for, are free, and you can click "Exit" at any time....childish really....
