This isn't the first time bannings were set by him for personal reasons. Renardin once banned me because I said "Renardin is being an asshole to my Chrono" or something very similar to that in #renalert. I then followed it with "You're all pricks", directed at nobody specifically. (I enjoy being random) Now Renardin, I'm not gonna hold a grudge or anything, I just am trying to help you be more professional so Reborn's staff looks better to the public. I know you're a good guy but there's been a lot of complaints from people about how you tend to use personal attacks. It makes them think you're not professional, which makes the mod lose some of it's appeal. =/ I also personally feel that I have to walk on eggshells when talking in a public place where you can see. You're not an emotional little kid, you're an adult, and I don't see why you would act like this, honestly. You're serious enough to take things personally, but laid-back enough to use insults. It confuses me.
