Venom and Chrono are quite lucky that they have the same interests. Anyway. Ren, I really dont want to seem like a two-faced fucker, But I have to agree with Chronojam. People post suggestions at the Reborn forums, and they just seem ignored by the team's apathy. I can understand that they want to release the mod sometime before Renegade is dead forever, But, Christ. It'd be nice if SOMEBODY acknowledged suggestions. ie:Remove the extras, Remove the laser from the Nod pistol. And I hope the Cyborg is going to be redone. A LOT of people at PPM were disgusted by it. You guys got skills. use them.
