It's not a "romantic" friendship, it's the kind of friendship best friends have. The second you have "romantic" friendship with a girl, you know your relationship isn't going to last long. Like I said in #renalert: "(15:05:56) (@Venompawz) The second you think a relationship is all about the romance, your relationship will start to fail from that point" You need a strong solid friendship in order to stick together. I sure hope you don't think me playing Tiberian Sun with Chronojam is less valid than you playing with Renardin, or even dismiss me killing Chronojam using a Volkov in RenAlert just because I am gonna marry him. I'd rather you dismiss it purely for the fact that I have a lot more armor than him and can get my life back slowly over time. =P Please don't think less of me because I have ovaries. I like being one of the boys when it comes to friendship.

u give such argument but u'r boyfriend say the contrary wtf is that? who's the silly one?

Chronojam hasn't said anything opposing my posts, all of them have been in regards to Renardin acting oddly hostile. Silly isn't a bad thing to be called, either, silly. =P It's more like a friendly thing.

"You'd be surprised. =P Chronojam, if anyone, knows a LOT about friendship"

then why he says things like that

" Renardin, you need to not defend your cheating boyfriend by warning me not to post 19 hours after I posted and "

What does him talking about Renardin have to do with friendship when obviously Renardin doesn't want a friendship of any kind with Chronojam? I know you don't speak English well, so I will explain what Chronojam meant: He basically was mocking Renardin for defending you, his best friend, about cheating and telling me not to defend Chronojam, my best friend.

I wasn't even defending him, I was questioning the hostility towards anyone who questions Renardin. Please don't assume I was defending him; he's a bold guy and if he chooses to get into situations, I trust him to get out of them on his own.

??? u should talk together... i think about how lame the situation is getting right here...

I constantly talk to him, and you sir really need to stop belittling me and my close friendship with Chronojam just because I'm female. The situation is indeed lame, why would you be so bothered by people accusing you of cheating? Why would you make a movie to give away your playing style? If you really are that good, would you want people to start playing like you?
