I was about to say "screw it... my bad" last night but I think I pissed viper off so much that he banned me before I could type that in.

Even if I did beat him and apologized - I was going to be banned no mater what. Just so you know, i hate it when people repair in the field. I was just trying to prevent the guys (not viper's) tank from being stolen by an sbh. Which is what happened.

So I do apologize.

thx for hearing me out and checking into this deathgod.
